

Tardy Policy

Pres. Eyring has said, "There are three powerful things seminary can do. First it puts young people together who share the same values. Second, it puts you together with a teacher who has a testimony and they can feel the fire of it when it is shared. Third, seminary gets young people into the scriptures." In order for these things to develop, it is important that students arrive to seminary on time.

1. A student is marked tardy when they have not arrived to class on time.
2. Every five tardies equal one absence.
3. A student arriving after twenty-five minutes is considered absent.
4. Parents will be notified when their student has ten tardies in the term and a solution will be determined.
